JPOS, OPOS and WEPOS certified.

Supports MAC, Linux, Windows, and DOS.

RMS Certified and PCI Compliant.

*Ask us about – Customized Logos and Double or Quadruple Size Keys!!*

### Check Out This Powerful New POS Solution!

PrehKeyTec recently worked with a channel partner to deliver a custom key layout for the Preh MCI 3100 to support Microsoft Dynamics Retail Management System (RMS) software. Taking advantage of Preh's ability to embed keystrokes and create hot keys, the most common RMS functions have been integrated into single key strokes. The solution simplifies transactions, reduces cashier training time and offers a more intuitive, easy-to-use POS system through color-coded keys.

### From the Show Floor

RetailNOW 2008 in Las Vegas was a huge success! Not a member of RSPA? Visit [www.gorspa.org](http://www.gorspa.org) to learn more.

### PrehKeyTec Appoints National Distribution Sales Manager

**Catherine Shergi** was recently named National Distribution Sales Manager responsible for developing and executing business plans for growth through channel partners. Shergi brings over 15 years of sales and marketing experience in POS peripherals at all levels of the vertical – from distribution to dealer to end user.

*"It's an exciting time to be joining PreKeyTec as we further develop and enhance our strategy with leading distribution channel organizations – together we will attain success,"* Shergi said.

### YOU Are Our Best Resource!

In order to continually offer a full line of state-of-the-art input devices, we need your input. If you have suggestions, please share them with me!
